DC12663	158x150mm	£84.00

The EVODRILL is a high quality dry diamond core for use on hard materials such as, concrete with hard aggregate, clay products, Indian sandstone and natural stones; plus, regular building materials such as, standard house bricks, concrete blocks, breeze blocks, handmade bricks, building blocks & York stone. EVODRILLS can be used on rotary and percussion action (not hammer action). The combination of the rotational function and subtle pulsing from the percussion mechanism means the EVODRILL will drill faster and work harder through a wider range of materials when compared to other makes of diamond cores.

P6-ATD Wax Filled Auto-Cool Drills

Part No.	Dimensions	Offer Price
DP18071	6mm	£19.99
DP18072	7mm	£20.49
DP18073	8mm	£20.99
DP18074	10mm	£21.99
DP18077	15mm	£22.99

The P6-ATDM14 tile drill range is suitable for use with electric and cordless angle grinders. The P6-ATDM14 uses vacuum brazing technology to allow the drilling of even the toughest tiles with no need for any additional coolants.

Plumber's Essentials

Part No.	Dimensions	Offer Price
DP19000	5x67mm	£14.50
DP19005	6x67mm	£15.00
DP19010	7x67mm	£15.50
DP19015	8x67mm	£16.49

Auto-Cool Drill diamond tile drills are filled with a lubricating wax. During drilling the leading edge of the wax melts and auto-cools the diamonds, meaning there is no need to apply a secondary coolant, such as water.

The P6-ATD tile drills are extremely durable and convenient to use.

NEW P6-ATDM14 Wax Filled Auto-Cool Angle Grinder Drills

P4-TD Tile Drills

Part No.	Dimensions	Offer Price
DP16852	5x30mm	£ 6.00

DP16200	230mm/9"	£27.00	DP16840	230mm/9"	£33.00

The P5-PT is a continuous rim blade which offers fast and efficient cutting through porcelain and other hard tiles. Sizes 180mm and up are for fixed tile saws and perform better when used wet.

The P6-PT is a professional specification blade designed to cut through porcelain and other hard tiles. Sizes 150mm up are for fixed tile saws and perform better when used wet.

ST-WTD-3
Wax Filled
Diamond Tile Drills
£22.00

Part Number: DP14575
Includes: 6mm & 7mm Drills plus Guide

The SiteTuff diamond drills are filled with wax that melts during drilling - this keeps the diamonds cool meaning there is no need to apply a secondary coolant, such as water.

621 Digital Manometer
£130.00

608 Digital Pressure Gauge
£80.00

725L Combustible Gas Leak Detector
£40.00

133 Digital Multi-meter
£42.50

Large easy to read display in full size DMM; 1,000 DC volts and 750 AC volts; 0.5% DCV basic accuracy.

Applications:
Thermocouples in furnaces or gas application, Heat anticipator current in thermostats, Line and control voltage, Flame safety control current, Heating element resistance, Continuity of wiring, Line current up to 10 amps, Power supply current

120 Digital Multi-meter
£27.50

The TPI Model 120 is a Compact, manual ranging, basic DCV 0.5% accuracy DMM.

HVAC/R Applications:
Line voltage, Control circuit voltage, Heating element resistance (continuity), Compressor winding resistance, Contactor and relay coil resistance, Continuity of wiring

Electrical Applications:
Measure line voltage, Continuity of circuit breakers, Voltage of direct drive DC motors

312C Pocket Digital Thermometer

£19.25

Wera

Click-Torque A 6 Set 1, 2.5-25 Nm, 20 pieces
£172.11

Part Number: 05130110001

Click torque wrench in the unmistakable Wera design. Very robust design with high accuracy as per DIN EN ISO 6789-1: 2017-07. Easy setting and saving of the default value. The audible and tactile clicks on reaching the scale values facilitate the safe setting of the desired torque value. The robust release mechanism guarantees a clearly audible and tactile release signal when the set torque is reached. Provides clockwise torque-control and 45-tooth ratchet mechanism. The Wera click torque wrench is accompanied with various accessories in a compact set arrangement. Included are: Click-Torque A 6 1/4" from 2.5 to 25 Nm, 6 sockets with 1/4" drive, 11 Hex-Plus hexagon bits, Philips head bits and TORX® bits, plus an extension and socket adaptor.

6004 Joker 4 set 1 self-setting spanner set, 4 pieces

£122.36

Part Number: 05020110001

Many users wish to have a universal screwdriving tool with the widest possible range of applications. It should be a single tool for multiple metric and imperial dimensions. It should automatically adjust to the different screw sizes. It should be safe to grab without damaging anything and should allow for high working speeds. With its continuous and parallel jaws the Joker 6004 replaces several single spanner sizes. The required size is automatically and continuously set when attaching the tool to the hexagon bolt or screw. The integrated lever mechanism securely clamps the hexagon screw or bolt between the jaws, which significantly reduces the risk of slippage or damage. The ratchet feature ensures fast and consistent screwdriving without removing the tool. By using the corner-width rectangular prisms, a return angle of only 30° can be achieved. The single-arm design, in conjunction with the ratchet feature and the corner-width prism, makes it possible to work even in confined spaces. The adjustable Joker 6004 is the universal screwdriving tool. Self-setting. Gripping. Spanning. 4-piece set for at least 18 different metric and imperial screw drives, comes in a compact folding bag. The Joker bags are suitable for attachment to walls, shelves, workshop trolleys and the Wera 2go system thanks to the hook and loop fastener system on the back.

Wera

Kraftform Kompakt W 1 Maintenance, 35 pieces

£114.05

Part Number: 05135926001

Compact tool set with the 35 most important screwdriving tools for maintenance work both indoors as well as outdoors. Includes VDE holder with 12 VDE blades; 1 Joker double open-end wrench with holding function, limit stop, small return angle and extremely gripping teeth; the incredibly fast 1/4" Zyklus Speed ratchet and accessories; 8 manual and power tool sockets, sizes 5.5-13, 1 universal bit holder; 7 bits in a length of 25 mm; 1 screw gripper for firmly holding screws; 1 single-pole phase tester 247; textile box, very robust and durable; can be positioned upright in the workshop shelf for convenient storage; additional surface protection thanks to the textile outer material; low weight and volume for simplified mobility.

6003 Joker 11 Set 1 combination wrench set, 11 pieces

£112.32

Part Number: 05020231001
Includes:

- 1x 8 x 115 mm
- 1x 10 x 125 mm
- 1x 11 x 135 mm
- 1x 12 x 148 mm
- 1x 13 x 160 mm
- 1x 14 x 167 mm
- 1x 15 x 174 mm
- 1x 16 x 182 mm
- 1x 17 x 190 mm
- 1x 18 x 210 mm

Wera

Kraftform Kompakt SH 1 PlumbKit, 25 pieces

£110.50

Part Number: 05135927001

Compact tool set with the 25 most important screwdriving tools for plumbing and heating applications. Includes 2 JOKER open-end wrenches, the 1/4" Zyklus ratchet and accessories, 6 x 89 mm bits, 5 multi-component Kraftform Plus screwdrivers and single-pole phase tester. Two JOKER combination ratcheting wrenches with special holding plate against slipping/loss of the screw and more torque transfer; 1 Zyklus ratchet 8000 A (1/4") for fast, powerful working; 3 Zyklus sockets 8790 HMA for manual and power tools usage; 1 Zyklus adaptor 8784 A1 for bits; 6 TORX® HF bits 867/4 with holding function for TORX® screws for secure carry without any loss of the screws; the Wera 867/4 TX HF bits are also suitable for Würth ASSY screws as well as Altenloh SPAX T-STAR plus screws; 1 single-pole phase tester 247; 2 Kraftform series 100 slotted screwdrivers 160 i and 160 iS for safe work up to 1,000 volts (160 iS with reduced shaft diameter and integrated insulation protection for reaching and actuating low-lying screws and spring elements); 1 Kraftform Chisel driver 932 A (slotted) with hex blade extending right through the handle and integrated impact cap for screwdriving and simpler chiselling work; 2 nutsetters 395 HO with hollow shaft for the tightening or loosening of screws on long bolts as well as seized screws. "Take it easy" tool finder with colour coding according to profiles and size stamp - for simple and rapid accessing of the required tool.

Kraftform Kompakt SH 2 PlumbKit, 15 pieces

£101.71

Part Number: 05135927001

Compact tool set with 15 important screwdriving tools for the sanitary and heating sectors. With 2 Joker Switch ratcheting combination wrenches, VDE handle with 4 extra-slim blades, voltage tester, 4 L-keys with thermoplastic sleeve, chisel driver and 2 Kraftform Plus nutspinners with hollow shaft. The details: 2 Joker Switch ratcheting combination wrenches with special retaining plate to prevent slipping/loss of the screw and more torque transfer; 1 VDE handle and 4 VDE iS blades for safe working at up to 1000 volts (iS with reduced blade diameter and integrated protective insulation for reaching and operating low-lying screw and spring elements); 1 single-pole phase tester 247; 4 L-keys with Hex-Plus profile to prevent rounding out screws; 1 Kraftform chisel driver 932 A (slotted) with pound-thru hexagonal blade and integrated impact cap for screwdriving and light chiselling; 2 socket wrench nutspinners 395 HO with hollow shaft for tightening or loosening nuts on protruding threaded rods as well as fixed screws. Including tools with "Take it easy" tool finder with colour coding in accordance to profiles and size stamping - for fast and easy tool selection.

**Wera****Kraftform Kompakt 62, 33 pieces****£67.14****Part Number: 05059297001**

HPouch with 89-mm long bits. Includes 816 R Kraftform holder with Rapidaptor quick-release chuck and multi-component Kraftform handle for low-fatigue working. Suitable for manual and power tool operations; 33-piece.

**Tool-Check PLUS, 39 pieces****£67.68****Part Number: 05056490001**

Tool combination of ratchet, bit, sockets and a bitholding screwdriver in the smallest of spaces. The perfect universal companion for a multitude of screwdriving applications. Premium bitholding screwdriver with Kraftform Plus handle for comfortable ergonomic screwdriving, avoiding blisters and calluses. Hard handle zones for high working speeds, soft handle zones for a high torque transfer. Bit ratchet for quick working when screwdriving with a machine or conventional hand tool is not possible due to space constraints. Rapid reversing from clockwise to anti-clockwise rotation and vice versa via the reversing lever. The knurling on the ratchet head allows for quick rotation (with the thumb). Easiest operation, even with just one hand. Ergonomic ratchet head/lever: Kraftform geometry with perfectly shaped contact surfaces for the fingers. Smallest possible tool design thanks to the direct bit mounting in the ratchet head, perfect for low working heights. Small return angle of 6° for precise working. Robust drop-forged solid steel design. Torques of over 65 Nm. The Rapidaptor bitholding screwdriver with fast-rotating sleeve: Can be used as an extension, for lightning-fast bit changes for even the smallest bit sizes with just one hand and without any extra tools. Tough bits, for universal use. Hand and machine sockets for nearly all applications. With "Take it easy" tool finder with colour coding by size - for quick and easy identification of the required tool. Slip-proof for easy grip even with oily hands. With ball stop groove. For external hexagon screws and bolts. Made of dull-chromed chrome-vanadium.

**Kraftform Kompakt Turbo 1, 19 pieces****£92.22****Part Number: 05003484001**

14 VDE interchangeable blades with reduced blade diameter so that even low-lying screw and spring elements can be accessed and actuated. 817 VDE Kraftform handle for ergonomic working and single-pole phase tester in a robust belt pouch. Individually tested tools as per IEC 60900. Individual test at 10,000 volts for secure work at the permissible voltage of 1,000 volts.

**Wera****8100 SA 6 Zyklop Speed Ratchet Set,
1/4" drive, metric, 28 pieces****£91.76****Part Number: 05004016001**

Incredibly compact set arrangement with many tools in a minimum of space. A completely new ratchet set feeling thanks to the unique textile boxes that are very robust and durable. They can be positioned upright for tidy storage on the workshop shelf. Additional surface protection due to textile outer material. Low weight and volume for simpler mobility. "Take it easy" Tool Finder with colour coding according to sizes.

Kraftform Kompakt 100**52 pieces****£69.35****Part Number: 05057460001**

52-piece; in surface-protecting, compact textile box which is extremely robust. Low volume and weight for simplified mobility. Compact tool set with 52 screwdriving tools. 1 bit holder Rapidaptor with quick-release chuck; 1 B bit holder Rapidaptor with quick-release chuck for take-up in the power screwdriver or use in the chuck of the power drill; 30 BiTorsion bits with a length of 25 mm for long service life, tough-absorbing (BTZ), for universal use, extra hard (BTH), 12 Impaktor bits with a length of 50 mm for particularly demanding jobs, 8 L-keys with Hex-Plus profile (prevents the rounding of socket head screws) and hexagonal ballpoint on the long arm for working at angles; textile box that is very robust and durable; can be positioned upright for tidy storage on the workshop shelf; additional surface protection thanks to the outer textile material.

**Kraftform Kompakt 20 Tool Finder 2
with pouch, 13 pieces****£54.26****Part Number 05051017001**

Many users would like to be able to carry out screwdriving processes faster without compromise. With a screwdriver that is precise, allows powerful screwdriving, and is much faster than a conventional screwdriver. A part-time universal gear is the solution: Integrated in the screwdriver handle, it quadruples the working speed with smooth couplings - purely mechanically. One hand holds the front part of the handle, the other hand turns the rear part of the handle. The turbo function can be switched on or off at the push of a button. Turning it off is recommended for tightening and loosening with high torque as well as for fine adjustments. Robust, maintenance-free gear made of steel with a maximum torque of 14Nm when the turbo function is deactivated. With the Wera VDE interchangeable blades individually tested as per IEC 60900, the VDE version of the Kraftform Turbo hand holder 827 T i guarantees fast and safe working even in live environments (up to 1,000 volts).

Wera

**Kraftform Kompakt F 1 screwdriving tool set
for window installation, 36 pieces**

£99.31

Part Number: 05134013001

Compact Wera screwdriving tool set with the 36 most important tools for window construction

**Kraftform Kompakt
Turbo i 1, 16 pieces**

£96.47

Part Number: 05057484001

Many users would like to be able to carry out screwdriving processes faster without compromise. With a screwdriver that is precise, allows powerful screwdriving, and is much faster than a conventional screwdriver. A part-time universal gear is the solution: Integrated in the screwdriver handle, it quadruples the working speed with smooth couplings - purely mechanically. One hand holds the front part of the handle, the other hand turns the rear part of the handle. The turbo function can be switched on or off at the push of a button. Turning it off is recommended for tightening and loosening with high torque as well as for fine adjustments. Robust, maintenance-free gear made of steel with a maximum torque of 14Nm when the turbo function is deactivated. With the Wera VDE interchangeable blades individually tested as per IEC 60900, the VDE version of the Kraftform Turbo hand holder 827 T i guarantees fast and safe working even in live environments (up to 1,000 volts).

**Kraftform Kompakt
Turbo 1, 19 pieces**

£92.22

Part Number: 05057482001

Many users would like to be able to carry out screwdriving processes faster without compromise. With a screwdriver that is precise, allows powerful screwdriving, and is much faster than a conventional screwdriver. A part-time universal gear is the solution: Integrated in the screwdriver handle, it quadruples the working speed with smooth couplings - purely mechanically. One hand holds the front part of the handle, the other hand turns the rear part of the handle. The turbo function can be switched on or off at the push of a button. Turning it off is recommended for tightening and loosening with high torque, e.g. for screw connections in wood, as well as for fine adjustments. Robust, maintenance-free gear made of steel with a maximum torque of 14Nm when the turbo function is deactivated. Thanks to the Rapidaptor bit holder, the Kraftform Turbo can be used with all conventional 1/4" hexagon bits for a wide variety of screw profiles. With the Rapidaptor function the bits can be inserted directly and can be easily removed by pushing the sleeve forward.

Wera

**454/7 HF Set 1 screwdriver set
T-handle screwdrivers Hex-Plus
with holding function, 7 pieces**

£49.66

Item Number: 05023450001

IT-handle screwdriver: The ideal handle shape allows the transmission of particularly high tightening and loosening moments. The ergonomic shape of the handle fills the ball of the hand well, the fingers lie securely in the softly rounded recessed grips. The whole hand comes into contact with the handle and friction losses between hand and handle are avoided.

**827 T i Kraftform Turbo
blade holding handle**

£49.66

Item Number: 05057481001

With a screwdriver that is precise, allows powerful screwdriving, and is much faster than a conventional screwdriver. A part-time universal gear is the solution

**826 T Kraftform Turbo
bit-holding screwdriver**

£46.82

Item Number: 05057480001

Many users would like to be able to carry out screwdriving processes faster without compromise. With a screwdriver that is precise, allows powerful screwdriving, and is much faster than a conventional screwdriver. A part-time universal gear is the solution: Integrated in the screwdriver handle, it quadruples the working speed with smooth couplings - purely mechanically

867/4 Z SB Bits

£6.71

Item Number: 05136314001

Premium bits for TORX® socket screws. Tough, for universal use. 1/4" hexagonal, suitable for holders as per DIN ISO 1173-F 6.3.

orders@plumbsave.com

Plumbsave LTD

Kraftform Kompakt 60
17 pieces
£41.13

Item Number: 05059295001
Folding bag with 89 mm long bits. Including Kraftform 816 R bitholding screwdriver with Rapidaptor quick-release chuck and multi-component Kraftform handle for fatigue-free working. Hard handle zones for high working speeds, while soft handle zones guarantee a high torque transfer. Suitable for manual and machine operated couplings. 17-piece set.

Kraftform Kompakt 27
RA 1 SB, 6 pieces
£33.53

Item Number: 05073660001
Wera compact tool with multi-component Kraftform handle for high working speeds and particularly ergonomic screwdriving. Integrated bit magazine in the handle. Includes ratchet: fine-pitched for small return angle, switchover ring (right, fixed, left), maximum torque of up to 50 Nm; hexagonal blade with 1/4" hexagon socket take-up, stainless sleeve, strong permanent magnet.

Kraftform 3100 i/7 set 1
Screwdriver set, stainless, 7 pieces
£40.87

Item Number: 05022750001
6-piece VDE screwdriver set. High quality Kraftform Plus VDE screwdriver set out of stainless steel by Wera. The stainless tools from Wera are vacuum ice-hardened and have the hardness and strength needed for screw connections. They can be used for industrial application without hesitation. The individual testing of the Kraftform Stainless VDE screwdrivers in a water bath at 10,000 volts as per DIN EN 60900 (IEC 60900) ensures safe working with voltages of up to 1,000 volts

Kraftform 900/7 set 3 screwdriver set
Kraftform Wera: Chiseldriver, 7 pieces
£32.98

Item Number: 05137813001
7-piece Wera chiseldriver set for screwdriving, chiselling, mortising and slackening stuck screws. With a multi-component Kraftform handle for fast and gentle work. Kraftform Plus: Hard handle zones for high working speeds, while soft handle zones guarantee high torque transfer

Plumber's Essentials

Kraftform 300/7 set 3 Screwdriver set Kraftform Plus, 7 pieces

£30.79

Item Number: 05105625001

6-piece screwdriver set with Kraftform Plus handle for comfortable ergonomic screwdriving, which avoids blisters and calluses. Hard handle zones for high working speeds, while soft handle zones guarantee a high torque transfer. With Lasertip blades: The tip clings to the screw head and prevents it slipping out. Take it easy tool finder with colour coding and size stamping - for easy and fast location of the required tool. The anti-roll protection avoids bits from annoying rolling away in the workplace. Plus iconic Wera bottle opener..

Kraftform Kompakt VDE 7-Universal 2, 7 pieces

Item Number: 05003472001

6 VDE interchangeable blades with 817 VDE Kraftform handle in a robust belt pouch. Individually tested tools as per IEC 60900. Individual test in water bath at 10,000 volts for secure work at the permissible voltage of 1,000 volts.

£30.79

3950/9 Hex-Plus Multicolour Stainless 1 L-key set, metric, stainless, 9 pieces

Item Number: 05022669001

High quality L-key set out of stainless steel for hexagon socket screws by Wera. Stainless steel prevents the transfer of extraneous rust. The Hex-Plus profile offers a greater contact surface in the head of the screw. The notching effect is therefore reduced to a minimum and damage to the screw head more or less eliminated. Come with hex ballpoint on the long arm: the ballpoint drive profile means that it is possible to swivel the tool axis away from the screwdriving axis, thus enabling "round the corner" screwdriving. "Take it easy" Tool Finder: colour coding according to size. In an almost wear-free L-key clip fastener.

950/9 Hex-Plus Multicolour 1 SB L-key set, metric, BlackLaser, 9 pieces

Item Number: 05073593001

£24.56

High quality L-key set with colour coded, convenient plastic sleeve. This ensures that the tool is quickly to hand and the ergonomic and pleasant handle is easy on the hands even at low temperatures. The wear-resistant clip material ensures secure storage of the L-keys as well as simple removal. The Hex-Plus profile offers a greater contact surface in the head of the screw. The notching effect is therefore reduced to a minimum and damage to the screw head more or less eliminated. The ballpoint on the long arm allows dependable working even in difficult installation situations. The BlackLaser surface treatment provides outstanding surface protection, even against corrosion, and a long service life. Laser-engraved and thereby wear-resistant size markings on the L-keys for rapid accessing.

967/9 TX Multicolour HF 1 L-key set with holding function, 9 pieces

Item Number: 05024179001

High quality L-keys for recessed TORX® screws. Comes with a holding function: the wedging forces resulting from the contact pressure between the drive tip and the screw profile securely hold the screws on the tool at both ends. The BlackLaser surface treatment provides outstanding corrosion protection and a long service life. "Take it easy" Tool Finder with colour coding according to size. Available in a practical clip fastener, whose wear-free material provides secure storage for the L-keys and enables simple removal.

- 05136307001 - PH3 x 152mm - £5.02
- 05136306001 - PH2 x 152mm - £5.02
- 05136305001 - PH1 x 152mm - £5.02

Tough Wera bits for hexagonal socket screws, for universal use. Hex-Plus offers larger contact surfaces in the screw head. The notch effect is reduced to a minimum and the destruction of the screw is nearly eliminated. 1/4" hexagonal, suitable for holding tools as per DIN ISO 1173-D 6.3.

200mm Long T Handle Bars

Item Numbers:

- 05023348001 - 6.0 x 200mm - £7.40
- 05023344001 - 5.0 x 200mm - £7.05
- 05023340001 - 4.0 x 200mm - £6.19

T-handle screwdriver: The ideal handle shape allows the transmission of particularly high tightening and loosening moments. The ergonomic shape of the handle fills the ball of the hand well, the fingers lie securely in the softly rounded recessed grips. The whole hand comes into contact with the handle and friction losses between hand and handle are avoided. With holding function to hold the hexagonal socket screw securely on the tool. Special surface treatment for high corrosion protection and optimal fitting accuracy in the screw.
