## SHOWCASE YOUR STYLE...

Do you love making everything match, or do you prefer an eclectic mix of finishes in your home? Crafting a bathroom design that reflects your unique style hinges on your choice of finishes and materials. These elements seamlessly express your individuality and personal taste throughout your space.

### GET THE LOOK

Designing a bathroom that aligns with current trends involves a balanced combination of modern aesthetics and functional elements. To achieve this, consider integrating neutral and cool palettes like that seen in the Exhale trend, or choose the 'dopamine décor' scheme used in the Euphoria trend. Incorporate subtle pops of colour through accessories like towels and décor and consider natural materials such as stone or wood for a touch of warmth and authenticity.

If you're seeking coherence throughout your bathroom's design, contemplate products that hail either from the same range or share the same finish, such as black or brushed brass. Alternatively, if your inclination tends toward mix and match approach, feel empowered to mix and juxtapose to your heart's content. Our HiB Novum furniture ranges, are the perfect choice regardless of the aesthetic you aspire to achieve.

### ATTEND TO THE FINER POINTS

All too often, the nuances that provide the finishing touch are left to the final moments of consideration. Yet, these subtleties are often the elements we notice the most. From the innovative underlights featuring optional motion sensors, to tactile sanitaryware, brassware and handles, every single detail has been carefully considered by our product design team to help you give your bathroom the edge.

### ENRICHING STORAGE

Our curated furniture ranges encompass both open and concealed storage options, as well as compact and full projection units, offering a myriad of configurations for your bathroom. Open storage allows you to display decorative items, such as plants, plush towels and ornaments. Whereas concealed storage is convenient for personal goods and cleaning products. Consider embracing both for a mix of useful storage, to help you maximise your bathroom's potential.

## CREATING YOUR BEAUTIFUL BATHROOM...

Close the door, light the candles and indulge in an invigorating soak. Your bathroom is your sanctuary, which is why its design should reflect your unique taste. With more than 30 years of experience helping customers to create stunning bathrooms, we understand what elements are needed for a space to be truly exceptional. From perfectly sized vanity units with essential storage to superior quality basins and countertops, we know what special touches make a space stand out.

### SIZE

Consider the space you have and your storage needs. Our ranges span from compact and cloakroom styles for smaller bathroom and ensuite that are limited on space to our more spacious units which are perfectly proportioned for suites and family bathrooms that require an abundance of storage.

### BASINS AND COUNTERTOPS

Choosing between a washbasin and a vessel basin with countertop can be an important decision in the planning process and which one you decide on depends on your individual requirements and style. Thankfully, no matter which one suits your lifestyle, we have a wide selection to choose from.

### FINISHES

Whether you choose to keep your bathroom co-ordinated or want to mix and match styles and textures to create a completely different look, our range of furniture finishes is right on trend. All our products are designed to be ultra hard-wearing, which will ensure your bathroom stays looking new for years to come.

### STORAGE

Those all-important essentials and personal items need a place of their own. Our vanity units and fitted furniture offer ample storage for those everyday objects that we all need close to hand during our bathroom routines.

**BLEND**

Versatility and customisation are at the heart of Blend's unique look. With a range of premium finish basin shelves and drawer units to choose from, there are a number of design and size combinations to suit your individual style. Push to open drawers and open shelf space create a high quality, boutique hotel style with plenty of storage for all the essentials.

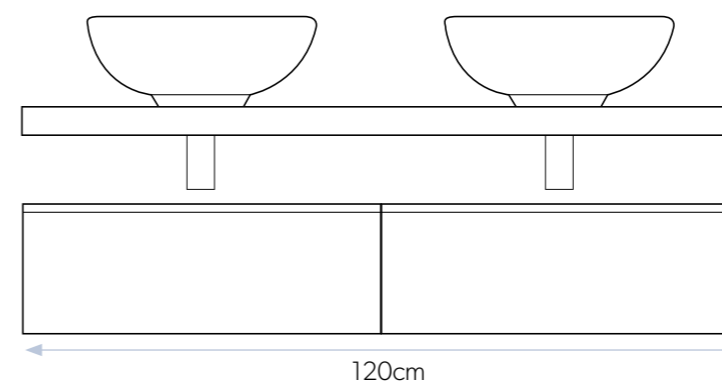

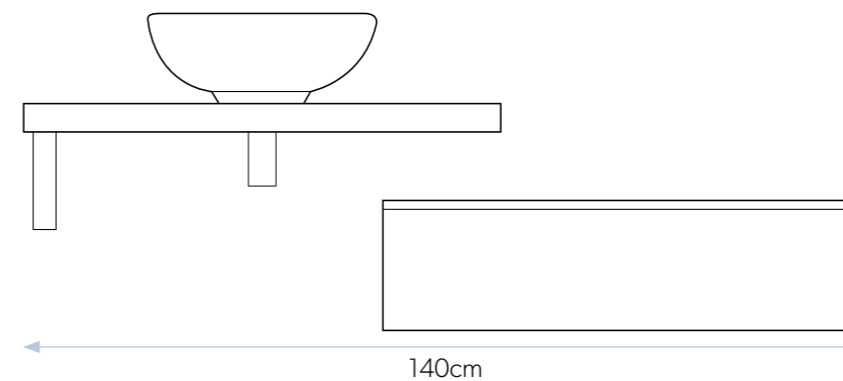

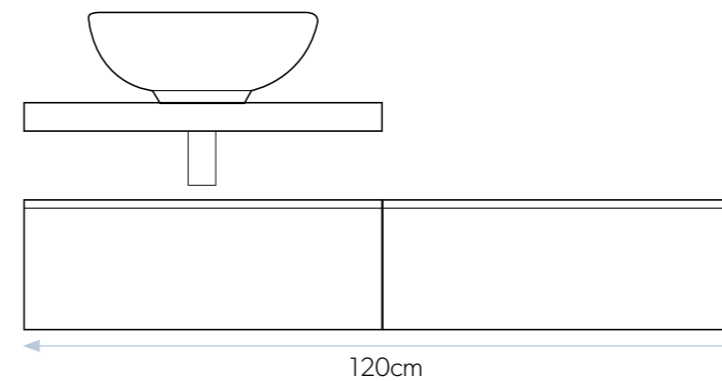

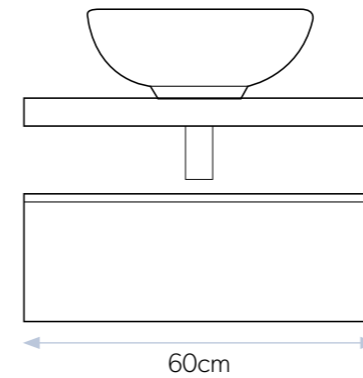

Blend is available in the following finishes:

Eden Geometric Ø36cm on Greystone 80cm Blend shelf and Greystone 80cm wide Drawer Unit with Basin Shelf Wall Bracket

With **Blend** the number of configurations is only limited by your imagination. Below you can find examples to inspire you.

## CREATIVITY IN YOUR HANDS...

The layout of your bathroom has a huge impact on whether or not your design is a success. **Blend** offers the ability to really personalise your bathroom composition to suit you – a symmetrical setting is simple and pleasing to the eye, whereas an offset configuration can bring added interest and the opportunity to balance the composition with other elements such as a mirror.

Three distinct finishes gives you the opportunity to make your bathroom personal to you. Mix and match between Matt White, Greystone and Sherwood Oak finishes or co-ordinate with a colour-matched combination. Additional personal touches such as the optional black framed Basin Shelf Wall Bracket, which can be used as a practical towel rail, or the choice in complementary brassware can easily craft a boutique hotel feel.

## COLD START

Cold Start is a practical, energy saving feature that is incorporated into selected Atlas brassware models, making a leap in tap functionality.

HiB's Atlas Mono and Atlas Tall Mono mixers feature a full Cold Start position. When the tap is turned on, it serves cold water as standard. By turning the handle to the left, hot water can then be selected. This means that the boiler is only engaged when you need it, reducing energy and costs.

Atlas is WRAS approved. WRAS approval indicates that Atlas has been thoroughly tested to demonstrate it is of a suitable quality and standard against the requirements of the Water Fittings Regulations and Scottish Byelaws.

HiB Novum bathroom furniture is intended for domestic use only.

Ensure adequate ventilation is maintained in the bathroom. Timber products will be adversely affected by excessive moisture.

HiB Novum bathroom furniture is not suitable for use in saunas, steam rooms, shower cubicles or wet rooms.

## GUIDANCE

Always seal all cut edges with a silicone or polyurethane sealant.

### Countertops

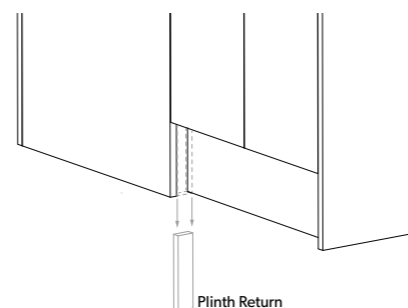

When cutting a countertop to size, allow a minimum of a 4mm overhang each side of the furniture unit. All square edge laminate countertops are supplied with a length of edging. When cutting slimline laminate - compact grade countertops to size, we recommend placing the cut edge against a wall where possible.

### Cladding Panels

When installing a BTW in a furniture run, allow for plinth returns when selecting a suitable plinth length (see diagram to right).

All end panels, infill panels and plinths are finished on all sides.

HiB recommends installing end panels, infill panels and plinths 2mm from the floor.
