PRICE MATCH

If you find an item at a lower price, if we can, we will match it. Just bring us a copy of the competitors Ad or printed price.

Subject to T&C's.

Googling for the best price in the shop does not count!

- We may call the competitor to verify the price and availability.
- Special order, discount/clearance, liquidation and damaged items are excluded.
- The competitor must have the item in stock.
- Rebate, gift card, store credit offers or those requiring other conditions are also excluded.
- Plumbsave reserves the right to reject any price match that cannot be verified.

Price matched goods cannot be returned for credit or refund unless deemed faulty or damaged.

ESSENTIAL TOILET SPARES

- 1/2" Bottom Entry
- Brass Tail
- Universal Fit
- Fast Installation
- Easy Maintenance
- 2 Year Warranty

Clivet Air Source Heat Pump Package

Compact air source heat pump, heating & domestic hot water package, with pre-plumbed, indirect, unvented stainless-steel hot water storage cylinder

Telford Copper & Stainless Cylinders Ltd are specialists in the design and manufacture of hot water storage solutions.

Based in the UK for over 30 years, the extensive range of high performance cylinders are manufactured using premium quality materials and carry extensive warranties*

orders@plumbsave.com

Clivet Air Source Heat Pump Package

Features & Benefits

The Clivet air-to-water air source heat pump package is a highly efficient, low carbon alternative to traditional heating and hot water systems, offering powerful heating even at temperatures of -25°C. The Duplex stainless-steel cylinders feature a purpose-designed coil which allows maximum heat transfer of renewable energy into the stored water. Factory-fitted 3 kW immersion heaters provide back-up heat.

- High performance heating & hot water solution
- Underfloor heating, traditional radiators & domestic hot water up to 60°C
- External Clivet Elfo-Energy 2.0 monobloc unit in single phase outputs from 4kW to 16kW
- Single fan units on all outputs
- High energy-efficiency – ERP A+++ / A++
- Reduces carbon emissions
- Wide operation range
- DC Inverter technology matches load to energy demand
- Smart-grid and photovoltaic function
- R32 environmentally sustainable refrigerant
- All-in-one concept – no refrigerant piping work
- Can be retrofitted alongside an existing heating system
- Easy installation, maintenance & commissioning
- Control remotely from anywhere with MSmartLife app
- MCS approved
- Pre-plumbed cylinder with pre-fabricated pipework, wiring and an integrated 50 litre buffer
- Cylinders available in 170–300 litre capacities
- Supplies mains pressure hot water and high flow rates
- 7 year manufacturers warranty on air source heat pump & lifetime on cylinder inner container (2 years on components)*

*Terms & Conditions Apply

Each Package Includes:

1x Heat Pump | 1x Cylinder (comes with control unit) | 3x Antivibe Feet | 2x Flexi Hose |
1x Glycol **OR** 2x 28mm Anti-Frost Valves

Clivet 4kw with:

| | |
|---------------|----------|
| 170L Cylinder | £4840.00 |
| 200L Cylinder | £4859.00 |

Samsung Air Source Heat Pump Package

Features & Benefits

Compact Design

The Joule compact solution is built around a compact tank integrated hydro unit, with a large domestic hot water tank of either 180L or 230L. The compact and modular design makes for straightforward kitchen or utility room integration

Smart Connectivity

The new touch controller enables users to manage differing temperature settings per zone, meaning high-temperature radiators and low-temperature floor heating can be utilised efficiently.

Using the optional Wi-Fi Kit, the different aspects of the system can be controlled through the Samsung SmartThings app.

App on your smartphone.* (Android and Apple compatible)

Can Control Up To 2 Zones - Using Remote Sensor

The new Samsung touch screen controller with multiple language options and bright colour display - enabling temperature settings, energy monitoring, ensures the system delivers efficient comfortable heating thanks to its in-built weather compensation controls.

***Samsung packages come complete with free training.**

Smart Grid Ready & PV Enabled

A Smart Grid efficiently integrates the behaviour and actions of all the users connected to it. Smart Grid readiness enables users to benefit from an economically efficient and sustainable power supply. Thanks to the PV (Photovoltaic or 'solar' energy) enabled feature, the system can be connected to solar panels, saving energy through renewable sources.*

Each Package Includes:

- 1x Heat Pump
- 1x Cylinder
- 1x MiM-EON Wiring Control Unit
- 2x Antivibe Feet
- 2x Flexi Hose
- 1x Glycol **OR** 2x 28mm Anti-Frost Valves

*Indicates Non Stocked Item

Unvented cylinders are now formed from 2304 Duplex Stainless Steel. Tempest units are finished using a wipe clean, white coated steel case. Continuing our philosophy of using only the finest materials, the heat loss from the cylinders is minimal, making them extremely economical to run.

We are so confident of the construction that we offer a lifetime guarantee.

Tristor Manual Fill

Tristor 150 Direct £1495.00

Available in stainless-steel or copper, the Tristor Manual Fill thermal store is an ideal option for integrating different heat sources to deliver domestic hot water and space heating. The ribbed heat exchanger coil maximises energy efficiency and as no overflow is required, this type of thermal store is particularly suited to apartment type buildings.

01926 338115

Xtend Split Hybrid

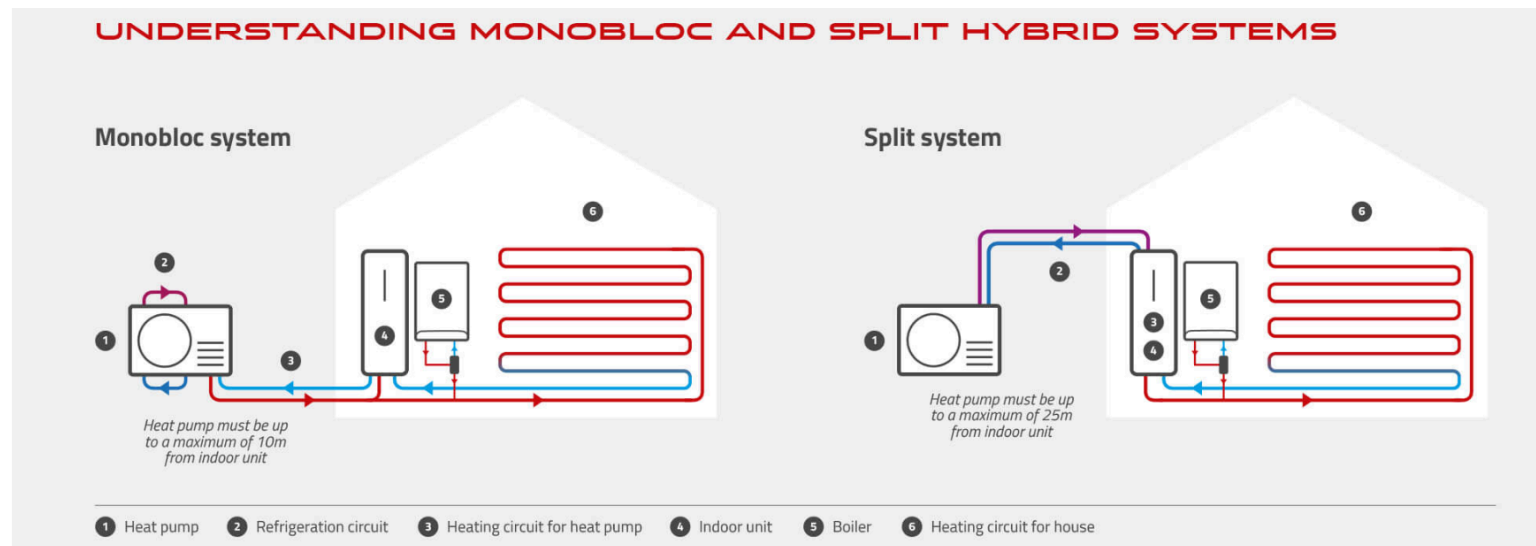

Xtend is our hybrid heating system that will revolutionise home heating. Not only is it a serious energy saver, cutting gas consumption by up to 82.5%, Xtend provides all the comfort of a traditional heating system, so you will always have heat and hot water where and when you want it.

We call Xtend a 'hybrid' because it combines two technologies: a gas combi boiler and a heat pump which comprises a 5kW split air source heat pump (ASHP) and a compact indoor unit. The indoor unit acts as a distribution centre, connecting and controlling both the outdoor unit and the boiler during a heat demand.

The combi boiler provides the hot water and the heat pump heats the home via radiators or underfloor heating. When the temperatures drop, our smart system will alternate between the boiler and the heat pump, ensuring comfort levels are maintained and the most energy-efficient combination of appliances used. The fan in the ASHP modulates its speed to meet the heat demand, which keeps energy consumption as low as possible and, as it generates energy from the outside air, it has zero emissions, making Xtend an excellent low carbon heating system for today.

If you already have a compliant Intergas ErP combi boiler installed, then Xtend – the indoor unit and outdoor unit (ASHP) – can be retrofitted to it, substantially reducing the installation time, not to mention the cost.

Please note: you can cut your gas consumption by up to 82.5% when Xtend split is paired with any of our Intergas ErP combi boilers. You will still enjoy substantial gas savings should you choose to have Xtend split retrofitted to your existing ErP boiler or paired with another manufacturer's ErP system or combi boiler.

15 Year Boiler Warranties - Yes, really!

Xtend comes packed with so many features and benefits, it's easily one of the best hybrid heating systems in its class. Take the boiler warranty, whatever Intergas boiler the homeowner chooses as part of Xtend, we'll increase its warranty. For example, the Xtreme, Xclusive, Eco RF and HRE warranties are all extended to 15 years and the Rapid and Rapid Plus to 10. If you retrofit Xtend monobloc (the outdoor and the indoor units) to an existing Intergas ErP combi or system boiler, that boiler warranty is increased too. You can check out all the individual warranties below. **Terms and Conditions apply.**

| Boiler | Boiler + Xtend: new complete system | | | Xtend retrofit to boiler | | | Xtend retrofit to boiler + filter* | | |
|------------|-------------------------------------|----------------|-------|--------------------------|----------------|-------|------------------------------------|----------------|-------|
| | BOILER | HEAT EXCHANGER | XTEND | BOILER | HEAT EXCHANGER | XTEND | BOILER | HEAT EXCHANGER | XTEND |
| Rapid | 10 yrs | 10 yrs | 7 yrs | 5 yrs | 10 yrs | 7 yrs | 7 yrs | 10 yrs | 7 yrs |
| Rapid Plus | 10 yrs | 10 yrs | 7 yrs | 8 yrs | 10 yrs | 7 yrs | 10 yrs | 10 yrs | 7 yrs |
| HRE | 15 yrs | 15 yrs | 7 yrs | 9 yrs | 15 yrs | 7 yrs | 11 yrs | 15 yrs | 7 yrs |
| Eco RF | 15 yrs | 15 yrs | 7 yrs | 12 yrs | 15 yrs | 7 yrs | 14 yrs | 15 yrs | 7 yrs |
| Xclusive | 15 yrs | 15 yrs | 7 yrs | 12 yrs | 15 yrs | 7 yrs | 14 yrs | 15 yrs | 7 yrs |
| Xtreme | 15 yrs | 15 yrs | 7 yrs | 12 yrs | 15 yrs | 7 yrs | 14 yrs | 15 yrs | 7 yrs |

*The system filter must be the Intergas system filter that was fitted at the same time as the boiler.
These warranties are only valid if Xtend has been installed and maintained according to manufacturer's instructions.

The Full Package

This is what you get with Xtend:

- Any Intergas (ErP) combi
- Compact indoor unit
- 5kW split outdoor unit (ASHP)
- Comfort Touch thermostat
- Gateway
- Intergas system filter
- Fernox F1 inhibitor (265ml)
- Fernox F3 cleaner (265ml)
- Fernox F7 biocide (200ml)
- 7-year warranty on Xtend (Ts&Cs apply)

| 212845 | Xtend Mono Rapid 32 | £3657.00 |

Don't need the full package?

You don't have to buy a combi or system boiler or accessories from us to unlock the benefits of our hybrid heating system, you can simply buy our indoor and outdoor units (they come as a pair) and have them retrofitted to your existing boiler, providing it's compliant of course. These two units come with a five-year parts and labour warranty.

Ultimate efficiency

When you have an Intergas combi boiler installed as part of our hybrid heating system, you're guaranteed efficiencies others cannot match. Thanks to our revolutionary bithermic heat exchanger, all our boilers condense in both heating and hot water modes, respond to the demand for heat faster and keep carbon emissions as low as possible. Add to this a robust build, a maximum of four moving parts and no diverter valves in our combis, you have boiler reliability that's off the scale.

Quooker®

The tap that does it all

No more waiting for the kettle to boil

With a Quooker in your kitchen you always have 100°C boiling water alongside regular hot and cold. Add a CUBE and you will also have filtered chilled and sparkling water – all from one tap.

Sparkling & chilled water

With the CUBE, you can enjoy a glass of sparkling fresh water or prepare the most delicious lemonades and cocktails in no time at all.

So you get everything from one tap: boiling, hot, cold, chilled and sparkling water.

Tray Types

MX

The Elements tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The tray also has a contoured underside for leg location.

Features:

- 40% lighter than a high wall stone resin tray
- A simple stylish tray which delivers high quality looks and functionality
- The sleek Low Profile design is available in many special shapes and sizes
- Suitable for most types of enclosure
- Complies with BS EN 14527
- Designed for 90mm High Flow Waste
- Made with WRAS approved Phthalate free materials

Just Trays

Manufactured from ABS capped acrylic stone resin and double skinned for extra strength.

- Installs flat to floor or on legs with a riser Kit
- Easy Fit legs for quicker installation
- Includes a 90mm waste
- Available with 13mm tiling upstands
- 25-year Guarantee
