Your guide to VitrA bathrooms

Choose the perfect VitrA bathroom, from contemporary to classic, you have endless choice and flexibility to suit all tastes and any budget

VitrA

Here you'll find the key technical information and essential details for each range, including the product code, price, image, measurements and compatible products. We have used icons throughout to make features easier to identify.

Stock availability

The majority of the products featured in this brochure are readily available. Delivery is generally within 2 working days unless marked with an orange dot ●, these products will generally be delivered in 7 working days.

Why choose Vitra

You're in safe hands, with six decades of innovation and manufacturing experience

With six decades of innovation and manufacturing experience, you can count on us for quality, durable, reliable products that fit any bathroom or specification project – and with UK stock readily available at your fingertips.

Possessing one of the largest production complexes in the world, Vitra's state-of-the-art factory produces ceramic sanitaryware, bathroom furniture, taps, showers and tiles. The Vitra Innovation Centre explores new products, materials, processes, and technologies.

Vitra Global

We export to over 120 countries and have vast manufacturing capabilities.

With 65 years of experience in the ceramic industry, we are establishing best practice standards for a better future. Scan the QR code to watch our journey and commitment.

Sustainability

At Vitra, we’re passionate about creating a healthier world, starting right from your bathroom

How do we do it?

Picture this: our ceramic factory in Bozüyük, Turkey, now houses a state-of-the-art solar panel plant on its rooftop. This year alone, it’s set to produce an incredible **5.4** million kilowatts of clean, renewable energy. And that’s just the beginning! Our plans include expanding this solar initiative across **112,000** square metres, aiming to cover **37%** of our electricity needs straight from solar power.

But we don’t stop there. Our dedicated teams are hard at work, focusing on every aspect of our production journey. From innovating product packaging to significantly reducing water consumption, we’re committed to making a real impact. And you’re a crucial part of this journey towards a more sustainable future.

Together, with every purchase you make, you’re contributing to a world where every step towards a greener tomorrow counts.

Join us in making a difference, one bathroom at a time

Key features

- 

Sonic Flush
VitrA Sonic Flush is clever technology that cleans every inch of the toilet bowl. Inspired by the principle of laminar flow, it flushes by spreading the water in the most powerful way, without splashing or making noise
- 

SmoothFlush
VitrA SmoothFlush WC pans have no rims or openings that might harbour harmful bacteria or microorganisms. This makes VitrA SmoothFlush WC pans much easier to clean and offers maximum hygiene
- 

VitrA Hygiene
Coats all VitrA ceramicware and inhibits the growth of harmful bacteria by 99.9%
- 

VitrA Clean
Limescale is persistent in most bathrooms. WC pans and bidets are coated with VitrA Clean technology. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years
- 

Accessible
VitrA bathroom products designed to accommodate seniors and people with additional needs are wheelchair accessible and provide enhanced convenience in the bathroom
- 

Concealed installation
The recessed installation detail and screws at the sides of standard wall-hung toilets are taken into the interior of VitrA wall-hung WCs. This leaves nowhere for dirt to hide and simplifies the cleaning of the entire surface
- 

Soft-close seat
Special hinge for silent and soft-closing
- 

Quick-release seat
The screw-free fitting of the quick-release VitrA WC seat makes it easy to remove and refit after cleaning
- 

Comfort height WC
Taller for ease of use
- 

Water-saving
Flushes with lower water volume
- 

Space-saving
Short-projection, wall-hung, concealed installation

RIM-EX
WC pan

Rim-ex
The smoothly attractive rimless WC pan Rim-ex prevents germ proliferation and offers superior hygiene thanks to its innovative design. Tests show Rim-ex is 95% more hygienic as compared to standards WC pans

WCs

A wide range of choices available, you can choose between close-coupled, wall-mounted and back-to-wall WCs.

Made from quality craftsmanship, our ceramics are built to last, with long-lasting materials.

Sonic Flush

A brand new flushing technology from VitrA.

For complete technical specifications for all our products, please visit vitra.co.uk

120% Better flushing performance

At the rear of the Sonic Flush is a strong momentum manifold with 3 outlets designed using the laminar flow principle

2x Less splash

Sonic Flush provides a cleaning power that not only exceeds the norm, it also prevents water from splashing and provides a hygienic toilet experience

7x Quieter

Due to the characteristics of laminar flow, it reduces the turbulent kinetic energy of the water and prevents the noise caused by the chaotic collisions of the water that is flushed

Sonic Flush is one of the quietest toilets in the world

According to accredited lab tests, Sonic Flush has 8.45 dBA less sound energy than a normal WC. 8.45 dBA means that it produces approximately 7 times less noise.

Certified by Quiet Mark

V-Care

V-Care Essential is our entry level option, yet it has plenty of features to meet most people’s cleaning needs.

The mid-range option, V-Care Comfort, with the female and male wash function is perfect for families.

Set the ergonomic seat temperature to your comfort level and adjust the jet position and water temperature for a personalised wash. The air purifier also removes unwanted odours.

Auto open and close seat is included as well as variable washing and drying options. Air deodorising is also included.

The remote control allows you to control all of these features completely hands-free, leaving you to enjoy a new level of convenience, comfort, and personal hygiene.

Integrated bidet WC

Developed by the Vitra Design and Innovation Team, our integrated bidet WCs offer a refreshing, clean and hygienic bathroom experience.

No electrical connections are required as the water is controlled via standard plumbing methods.

For complete technical specifications for all our products, please visit vitra.co.uk

- Offers a natural and refreshing, water-based cleaning experience
- Designed with an integrated mechanical bidet function to ensure a better personal hygiene experience
- Extremely eco-friendly and significantly reduce the need for toilet paper
- Does not require any electrical wiring, connecting to your main water supply for fast and easy installation
- Provides an enhanced cleaning experience with advanced technology that ensures the best personal hygiene

Shaping the future

The world’s first 100%* recycled ceramic washbasin.

Our **100%** recycled ceramic washbasin is a first in the industry and reflects our commitment to using less resources, minimising waste and maximising our contribution to the circular economy.

According to a study conducted by LCA (Life Cycle Assessment) and Vitra, the production of these basins minimises our environmental impact on global warming and fossil fuels by **30%** per product. We believe that this pioneering innovation will set a new standard in sustainable design within the industry.

For complete technical specifications for all our products, please visit vitra.co.uk

● 7993B066-0016	Matt Taupe	£385
(Waste cover included)		

By choosing to reclaim materials that would otherwise have been discarded, we are actively reducing our environmental footprint

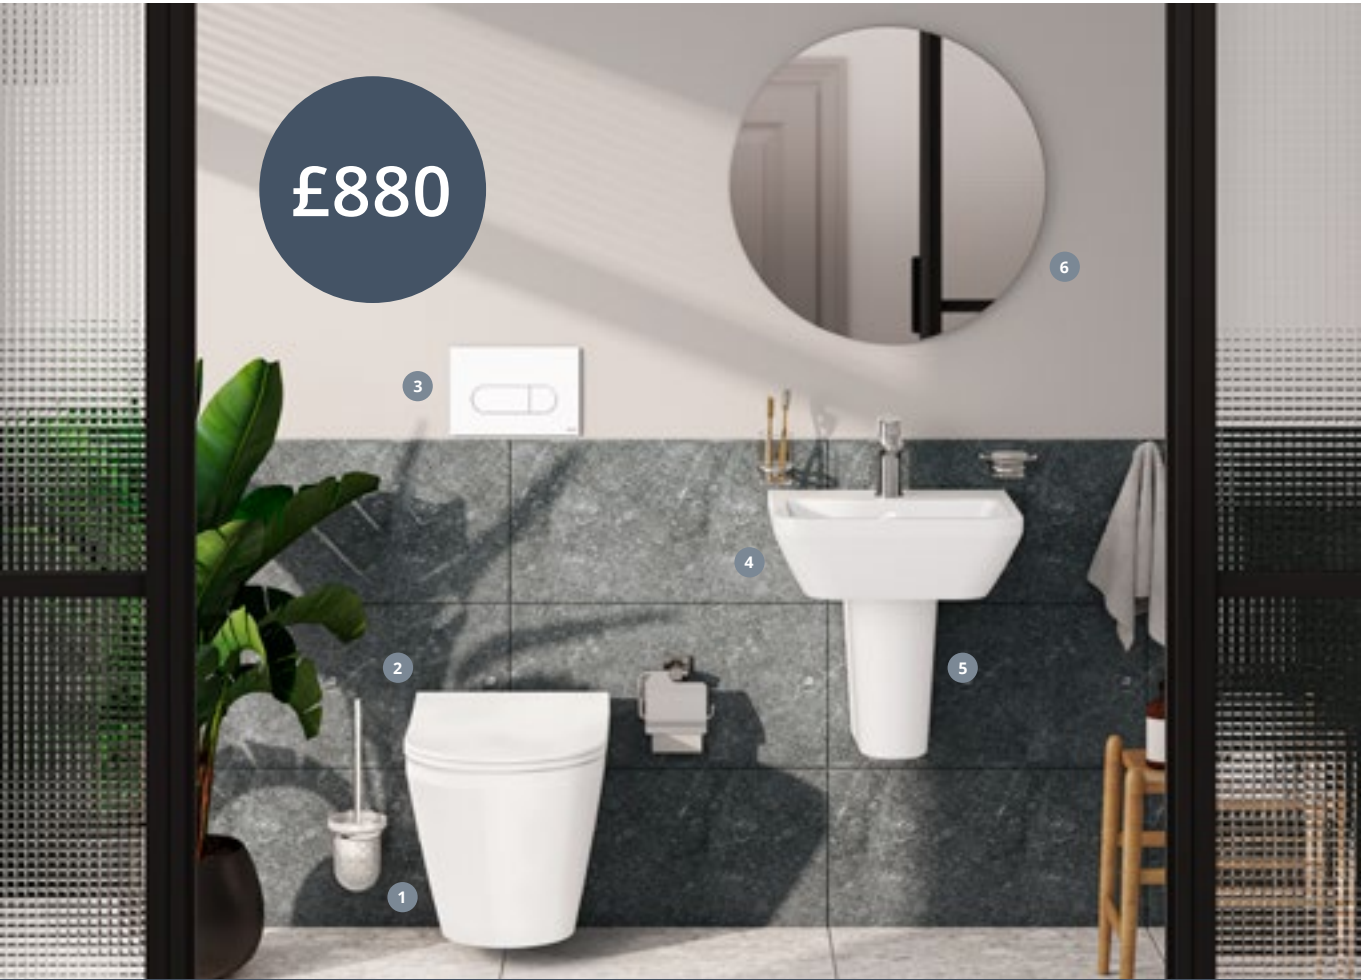

See page 122 for recommended taps & traps

*The entire basin is produced from nearly **100%** recycled waste materials that are generated and disposed of during the CSW manufacturing process

Walnut

Additional colours available on extended lead time. Please refer to [vitra.co.uk](https://www.vitra.co.uk) for full colour options.

Furniture

The Root collection comes in three different design options for a personalised bathroom experience.

Root furniture comes in three styles - Groove, Classic and Flat - and in nine assorted colours with three types of finish – gloss, matt, or wood. The wood options include walnut and natural oak finishes. Handle options include Matt Black, Chrome and Matt White, with two distinct styles to suit the different furniture designs and allow you to match your brassware and accessories seamlessly.

Root Groove	46
Root Classic	52
Root Flat	58

Root Groove offers a contemporary bathroom design with matt colour options and stylish door detail.

Root Classic provides a wonderful alternative for those looking for a classic, traditional style, reminiscent of the timeless Shaker design.

Root Flat offers a sophisticated option for those who appreciate a minimalist design with its simple, modest lines.

Baths

All baths are paired with a leg set, featuring a minimum of five adjustable feet, and come with a fully encapsulated wooden baseboard and frame.

Also included is an advanced wall fixing kit to keep everything secured, ensuring stability with no creaking, or bowing. All baths carry a 25-year guarantee, with panels covered for two years.

SCAN ME to find out more

V-Fix Frames are crucial for a modern bathroom, supporting and holding wall-hung toilets firmly in place without the need for expensive structural building work.

Whatever your project needs, VitrA's range of frames offers you complete flexibility. The reduced height frame is perfect when space is at a premium or the room has a sloping roof or low window. The frames can be used in solid, stud and double-stud wall scenarios and are both available with a choice of flushing volumes.

See page 80 for compatible flush plates

- 

V-Bright
VitrA uses only high-quality materials in production to ensure its fixtures are extremely durable. In addition, VitrA has an extensive colour selection thanks to its V-Bright coating technology
- 

V-SuperFix
Easy installation is made possible thanks to the fixings that can be adjusted by hand in just 15 seconds, without the need for tools
- 

BluEco
Saving energy by supplying cold water instead of warm water when the tap is turned on at 90°
- 

Touchless
Controlled by a built-in sensor, our touch free technology ensures increased hygiene in the bathroom

Water pressure Eco-friendly

- 

Low
(0.4 bar)
- 

Medium
(0.4 - 1.0 bar)
- 

High
(above 1.0 bar)
- 

Water-saving
- 

Energy-saving
- 

Thermostatically controlled

Aerators

- 

Water-saving
Water-saving aerators use significantly less water while maintaining a strong flow of 5 litres per minute
- 

Coin-slot
Coin-slot aerators can be conveniently removed with a coin, making them easy to clean

Accreditations

Water Regulations Advisory Scheme
Promoting sustainability, preventing contamination

Class A Unified Water Label
Unified Water Label indicates a products efficiency, Class A is awarded to products with the lowest possible water and energy consumption. Flow rates are measured under test conditions with a 3.0 bar water pressure, in accordance with European standards

Green Building Certificate
Green Building Certification is awarded to products that meet the criteria of eco-friendly features, lower environmental footprint and water consumption. They are recommended for projects aiming for a Green Building Certification

Extendable column

We vigorously test all our products, above and beyond the minimum standards of testing

- 1

Our brassware cartridges are tested nearly **2 million times** more than the European standard
- 2

We test against brassware corrosion for **720 hours**, compared to the average of **200** hours, to ensure all of our taps keep their shine
- 3

Our shower hoses are tested for strength by tying on **1.8** kg of weight and bending it **10,000 times**
- 4

Our durability testing is **10 times more** than the average, applying **50 bar water pressure** instead of just **5** bar, to ensure they won't leak even after years of use

Our promise to you

VitrA products are designed and built to the highest standards. As a result, we can proudly offer customers a **10** year warranty on all VitrA brassware and a **5** year warranty on all showers and accessories.

If you have a manufacturing fault with one of our brassware products within **10** years, we will replace the working parts for free.

Mirrors	158
Accessories	160

Choosing your shower system

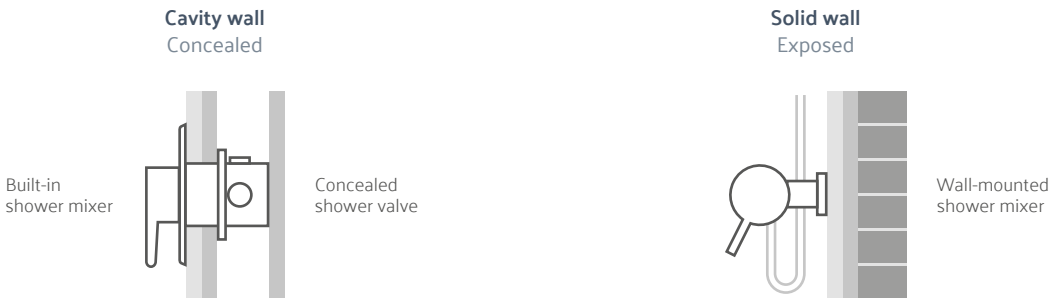

Choosing the right shower system is one of the most important decisions when it comes to designing your bathroom.

To keep things simple, here are three steps to help you select the right shower system for your bathroom.

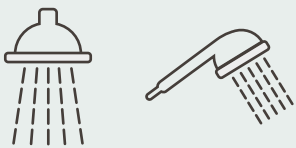

Step 1

Choose between a concealed or exposed system based on the type of wall you have

Step 2

Choose your showerhead and/or hand shower

1-way: Shower mixer with adjustable water temperature control to a single outlet: hand shower or overhead shower.

2-way: Shower mixer with adjustable water temperature control can be diverted to two outlets: hand shower, overhead shower, or bath spout.

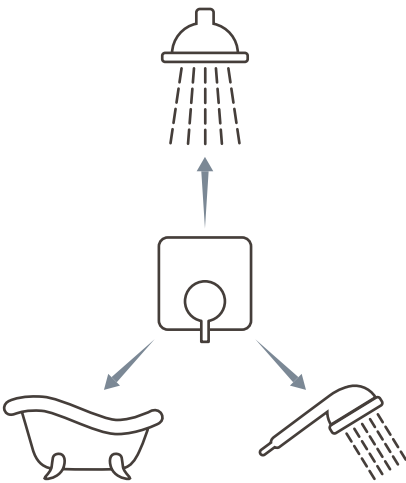

We have a wide range of showerheads and hand showers to match our bath, shower and basin mixers. From traditional to modern, round to square, powerful to water-saving, you can find one that perfectly matches the other elements of your bathroom design.

Step 3

Adding a bath to your bathroom equation?

3-way: A diverter allows the flow of water to be switched from one outlet to another.

These are shown on page 106

Shower sprays

Whether you are starting or finishing your day, we have the perfect showering experience for you.

For complete technical specifications for all our products, please visit vitra.co.uk

Aqua rain

Combining relaxing and energising streams that feel like raindrops to give a luxurious showering experience.

Aqua spray

This shower flow is the perfect way to start a new day or wind down for the evening with its refreshing effects.

Aqua massage

A stream of intense shower spray with massage function to relieve tension and relax the body.

Aqua stream

You can enjoy a powerful shower experience with the direct flow of intense water that streams from your shower head.

Get the look

Create your dream shower effortlessly!

We’ve carefully curated options from our customisable shower systems to guide you through the process.

Water-saving buttons are included in both the overhead shower and hand shower, allowing you to adjust the spray and control the flow of water.

Look for the cool touch icon on some Aquaheat shower mixers to prevent the mixer from becoming hot.
